NATANA SUNDARAM

SOFTWARE DEVELOPER | FULL-STACK DEVELOPMENT

+91 93843 75263 | nadanasundaram79@gmail.com | Trichy, India

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate (2026) with hands-on experience building web applications using React.js, Node.js, Express.js, and SQL databases. Developed REST APIs, implemented JWT-based authentication, and integrated frontend interfaces with backend services. Seeking an entry-level Full Stack Developer or Software Engineer role.

TECHNICAL SKILLS

Programming: Java, JavaScript, SQL, HTML5, CSS3
Frontend: React.js, React Router, React Hooks, Vite, Axios, Responsive Design
Backend & Security: Node.js, Express.js, RESTful APIs, JWT Authentication, bcrypt
Databases & Tools: Microsoft SQL Server, MySQL, Git, GitHub, Visual Studio Code

PROJECTS

Job Portal & Recruitment Management System | **React.js, Vite, Node.js, Express.js, Microsoft SQL Server, JWT, bcrypt, Axios, Multer**
- Built candidate-facing workflows for authentication, job browsing and filtering, profile viewing, and application tracking.
- Integrated frontend components with REST APIs and implemented JWT-based authentication and role-based route protection.
- Implemented candidate profile and application data fetching, with application status and status-history display.

Task Manager | **React 18, Vite, Node.js, Express 5, SQL Server, JWT, bcrypt**
- Built a full-stack task manager with 8 REST API endpoints for task CRUD, registration, login, and database health checks.
- Secured endpoints with JWT authentication, bcrypt password hashing, parameterized T-SQL queries, and user-specific data access.
- Designed a relational SQL Server schema using a foreign key with cascade delete, CHECK constraints, and a composite index.

Social Media Application | **React.js, JavaScript, HTML5, CSS3, Axios**
- Integrated a React frontend with REST APIs to implement GET, POST, PUT, and DELETE operations for post management.
- Built reusable React components and used Hooks for dynamic state updates, alongside a responsive interface for desktop and mobile.

INTERNSHIP EXPERIENCE

Full-Stack Development Intern | NoviTech R&D; Private Limited | Remote | Oct 2024 – Nov 2024
Completed training in React.js component structure, state management, and the frontend-to-backend flow using Node.js and Express.
Web Development Intern | CodSoft | Remote | Aug 2024 – Sep 2024
Completed structured training in HTML5, CSS3, and JavaScript, including responsive layouts, cross-browser compatibility, and UI/UX fundamentals.
Web Development Intern | TechnoHack | Remote | Feb 2024 – Mar 2024
Completed front-end development modules covering HTML5, CSS3, JavaScript, responsive design, and website structure.

EDUCATION

B.E., Computer Science and Engineering — SRM TRP Engineering College, Trichy | 2022–2026 | CGPA: 8.03
Higher Secondary — Nirmala Matric Hr. Sec. School, Chidambaram | 2020–2021 | 80.30%
